

LABOR AND DELIVERY

Exceptional Care
for Your Newborn

Having a baby is a very personal experience, so we do everything we can to make you and your family feel comfortable.

Unlike crowded city hospitals, Harrington offers a personalized approach to care. Our patients are given their own private labor, delivery, recovery, and post-partum suite for their entire stay.

After labor and delivery, our care continues with a celebration meal for mom and a guest of her choice, served on china with crystal stemware and flowers.

Our nursing staff and physicians are your hands-on team of experts. From simple questions on labor options to help with breastfeeding from our certified lactation counselors, we create a special prenatal, birthing, and post-partum experience.

Services to meet
the needs of women
at every stage of life

High Quality Women's Healthcare

Our approach to women's healthcare is to bring personalized, high quality, and compassionate services to all our patients. Our practice can take care of your every need—from adolescence through post-menopausal years.

We know convenience is key. We have several locations in South Central Massachusetts, so you don't have to worry about traveling far. Our Southbridge office is recently renovated and offers comprehensive care, friendly staff, in-office imaging services, and same-day procedures.

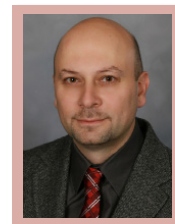

Our brand new women's health office in the center of Charlton provides that exclusive, private, and high-touch atmosphere that brings a sense of comfort to our patients. With on-site ultrasound and flexible scheduling, we provide exceptional healthcare within minutes from your home or work.

Some of our services include:

- Cervical cancer screenings
- Endometriosis
- Laparoscopic and hysteroscopic surgery
- Birth control management, including Essure, Skyla, Mirena, and Paraguard IUDs
- On-site ultrasound
- Surgical contraceptive choices
- Infertility counseling
- Treatment of HPV and other STIs
